

# IEEE EMS Chapter Germany

## Newsletter No. 2 Vol. 2

### April 2003

Dear all,

the programme for this year is taking shape. Even though, we have to postpone the session regarding electronics in the automobile industry. See the new date in the "Future Events" section of this newsletter. Further on in September, the seminar topic will be "Management of High Tech Professionals", in December we'll hear about "Information Management".

Best regards & looking forward to meeting you,

Gerald Anleitner & EMS Germany ExCom  
EMS Chapter Chair Germany

### **Call for papers: Seminar on Information Management**

In November/December 2003, the EMS Chapter of the IEEE Section Germany will hold a seminar on "Information Management". For this topic, we encourage interested members and non-members to submit short talks (about 30 minutes) that cover a related topic. This can include best practice reports, research topics and presentations of related applications.

Potential topics include:

- Knowledge Management
- Enterprise Resource Planning
- Information Storage and Retrieval

Persons interested in offering a talk, please contact Horst Kremers (Horst\_Kremers@compuserve.com, +49 (172) 3017404).

### **One-Year Anniversary of EMS Chapter Germany**

In early Spring 2003, the EMS Chapter of the Germany Section celebrated its first anniversary. See below a photography of the first EMS Chapter meeting which took place in Frankfurt.

## Share your experiences: **Join the IEEE-EMS Forum**

*Created by the IEEE Engineering Management Society for your use!*

The recently released IEEE-EMS Forum is an online virtual community that provides a foundation for collaboration and learning.

Areas of interest discussed on the community include:  
Transitioning to Management • Information Management •  
Total Quality Information • Management Quality • Product  
Development • Management of Technology • Systems •  
Innovation • Project Management • Management Skills

The IEEE-EMS Forum will also provide you with timely information on conferences, seminars, Board and Local Chapter meetings, chat sessions, BoG nomination dates & much more!

- Network with peers
